*'As for her rendition of the Academy Award winning **Over The Rainbow from The Wizard Of Oz**, Andrew's acting skills really made her commanding vocal performance ever the more convincing, taking us on the lyrical journey so magically and memorably through each note that came out of her mouth. She may have been performing to just one auditorium full of people about the land where dreams come true, but it felt like she was serenading to the whole world.'* By Lucas Ioppolo

GYPSEY REVIEW <http://theatrepeople.com.au/node/7619> . *As the trio of strippers, Maureen J. Andrew (Tessie Tura), Sapphira (Electra), and Cassandra Beckitt (Mazepa) brought the house down with 'You Gotta Get A Gimmick'. Andrew's additional scenes were a delight, just the right combination of sass and the kind of brassiness that come from being washed up.*

PHANTOM REVIEW <http://theatrepeople.com.au/reviews/phantom-opera-0> **Veteran actor Maureen Andrew was captivating as Meg's mother, Madame Giry.**
