BIO

In the past five years, Holly has acted in numerous primetime local and international screen productions, and created nearly 50 episodes of her own award-winning shows. As Holly creates content, she is always looking for stronger storytelling opportunities to enrich the experience of her intended audience. Her objective is to bring more great comedy into the world - especially female-driven stories and productions.

Holly created, co-wrote and starred in 3 seasons of her award-winning comedy series, **Ackward Love**, as the lovelorn Alice; and went on to create, write and star as the hopelessly hopeful, Jenny, in her award-winning Instagram TV series, **Millennial Jenny**. Other notable screen credits include - Amazon Prime's **American Playboy: The Hugh Hefner Story**; TVNZ's **Mean Mums** and **Kiwi**, and she is most recognisable as Zoe Carlsen from **Shortland Street**.

Holly has recently written a pilot with Warner Brothers, and written and released a new season of **Millennial Jenny**. She is currently developing two TV series' - one, a dark comedy set in New Zealand, **Crackhead**, and the other the broadcast length version of her single-camera comedy series **Millennial Jenny**.
