

Julia Vosnakis Bio:

Julia's road to acting stemmed from her creative passion in performing and competing in dance and music for 17 years. During her teenage years, she became attracted to the story-telling elements of performing and progressed to studying drama and starring in theatre productions. It wasn't until Julia ventured to the film studios of LA and watched Broadway shows in the Big Apple that she realised she must pursue her acting dreams.

Julia's professional theatre debut will be as Chloe in the 2021 Tour of Windmill Theatre's two-hander, *Amphibian*. With a strong passion and appreciation for storytelling, Julia hopes to branch into the Australian TV/ Film industry to complement her theatre training and wishes to tell stories about her Greek migrant heritage to help forge a path for future young ethnic women in the creative industries.
