

Chiara Di Sipio (she/her)

Chiara has loved to tell stories through the arts from a young age. Prancing around the living room reenacting Grease at the age of 2, putting on shows for the family and forcing her sister to join in too, was only the beginning of her passion for theatre. She began practicing the arts through extra curriculars in her schooling and furthering her passion by studying full time at FedUni Arts Academy in Ballarat, which is also where she recently closed her Company '22 graduating show 'Welcome To Thebes' (as Ismene) by Moira Buffini, directed by Dr. Kim Durban. Her Italian background brings upon her lively personality, thus you can guarantee being up for a chat, a laugh, a feast or simply enjoying the company of others is always on the cards.
