

David Margetts

Actor

I am a passionate professional actor who is very easy to get along with. My strengths are dramatic delivery, comedic timing and situational improvisation, as I have had a very colourful personal and professional background. I am confident in front of the camera and can take direction easily. In addition to acting work attached to this document, I have featured in various Television Commercial's and online advertising projects such as City of Melbourne, NAB, Telstra, Duolingo, VIC Roads, The Human Rights Commission, along with other campaigns.
