To Whom It May Concern,

I am writing to highly recommend Brittany for any future acting opportunities. I had the pleasure of working with Brittany on our recent film, *Zombie Plane*, where she played the supporting role of Jane, as well as two of our recent television commercials – Subway and Instant Scratch-Its. In each project, Brittany showcased exceptional commitment and professionalism.

Brittany's dedication to her role in *Zombie Plane* was impressive. She was always prepared, and willing to adapt to production demands. Brittany's ability to immerse herself in her character and bring depth and authenticity to her performance significantly contributed to the filming process.

Moreover, Brittany was a joy to work with. Her ability to take direction and her willingness to go above and beyond to meet our vision was greatly appreciated. Her collaborative spirit fostered a positive environment on set, and she was a great team player.

In summary, Brittany is not only a talented actress but also a dedicated professional, making her a valuable addition to any project. I wholeheartedly recommend her and I am confident she will bring immense value to any production she joins.

Regards,
