RP / British – Training

SKILLS

Aussie Rules Football
Carpentry
Drawing
Boxing

OVERVIEW

Melbourne-based screen actor with a strong focus on emotionally complex, psychologically driven characters. Drawn to grounded, naturalistic performances that explore vulnerability, internal conflict and transformation.

Trained in screen acting at TAFTA, with further training in American accent work and advanced screen acting. I bring a physically committed approach to performance, with experience across feature films, short films and voice/dubbing work.

Outside of acting, I maintain a strong physical focus through boxing, Australian Rules Football and regular training. I am particularly drawn to intense dramatic roles and character-driven stories that demand emotional depth and authenticity.
