I reside in Wellington, New Zealand but I am happy to travel for paid acting roles. I have built a reputation for being hard working, reliable and a team player. On one of my recent acting jobs, a lead actress summed up my work by saying although I had talent, I never sought attention for myself, instead always working to serve the scene and whatever the other actors required from me within it. This was very humbling but a great encouragement to me, as it verbalised what I always strive to achieve.

I have experience within Administration Management roles, in both the private and public sector, so I have good personal skills in verbal and written communication, time management, and general professionalism in my attitude towards people and work roles. I always commit fully to any production I am working on, knowing the success of the production means success for me as an Actor.

I am a member of The Salvation Army, and identify with their Christian philosophy that we should always help other people less fortunate than ourselves whenever we can. I live with my husband, and we have mature children and young grandchildren who we adore. I believe in enjoying the small moments in life, because small moments can become special memories. Acting isn't just a job for me, it's an artistic expression of bringing characters to life and telling stories that hopefully bring enjoyment and inspiration to other people.

Yours sincerely
