## ABOUT ME

I am a creative emotionally intelligent man who can hold strong empathy and professionalism towards others.

I grew up in a village in England near a lake where my grandfather taught me to sail. I worked as a labourer & part-time sailing coach.

At 21, I solo migrated to Australia & coached sailing on Sydney Harbour. I then moved into construction, started my own company & earned my citizenship.

Acting was a huge part of my life while in school and it's something I am pursuing for the foreseeable future.

I am always willing to take on a challenge, I love expressing myself & working with others.
