

MADYN RAE

Madyn is an Australian actress formally trained under dynamic mentors. Drawn to complex, morally ambiguous roles, Madyn brings an edge of fearless intensity and raw vulnerability to her characters—echoing her own bold presence and playful energy.

Madyn has been fortunate to work on both independent and international film sets, gaining hands-on experience and valuable insight from directors, crew, and fellow cast members. A natural night owl, she thrives during those long nightshoots, but will always savour a morning sunrise with a tea in hand.

Also an aspiring writer and director, Madyn is multi-talented beyond acting. She's worked in recruitment and administration, has sharp skills in accent work, dental assisting, bartending, and even rollerblading. A landscape artist and animal lover, she lives with her tabby cat and Kelpie dog.

Don't let her look fool you—behind that serious edge is a goofball with a wild spark.
