## BIO

Originally from a cattle station in northwest Queensland, Madeleine Chaplain is an actor, writer, director and producer.

Graduate of Queensland University of Technology with a Bachelor of Fine Arts [Acting], Maddie has lived in Sydney, Melbourne and Los Angeles in pursuit of her filmmaking career. After several years in the industry as an actor, Maddie began writing, directing and producing her own projects for both the stage and screen. The first of which was a play for the Melbourne Fringe Festival, followed by a pilot episode for an original series concept, 'Composure'.

Maddie then incorporated working as an assistant director for commercials, television and film to gain further experience from a crew perspective - to better herself as a filmmaker.

In her most recent years, 2023 saw Maddie write, direct, act and produce 'The Bank Manager' short film, as well as acting and producing a pilot episode with renowned New Zealand writer/director Jesse Griffin.

'The Bank Manager' short film was selected for several film festivals - including Flickerfest and St Kilda - and secured finance interest for the feature film concept.

Whilst Maddie is presently developing 'The Bank Manager' feature she is also in post-production for her latest short film 'Little Addy'.
