

## **Nicholas Kai....Nice to meet you!**

I began working in film and television 12 years ago and have completed formal training and both NIDA and the Actor Centre Australia.

Prior to being drawn into the acting arena, I was a Special Forces Navy Diver, which brings with it a unique skill set. I am experienced in weapons handling, hold a class A & B firearms licence, am a martial arts instructor and highly proficient in unarmed combat. I hold a deep sea commercial diving licence and am also a registered Chiropractor.

From the age of 11 to 18 I was a highly trained figure skater. The entertainer has always been within me. These days, the only difference is that the medium has changed from ice to film.

In my down time I like to ride my motorcycle, work out at the gym and lift my skills on the acoustic guitar.

I look forward to new acting opportunities, making new friends, and developing the creativity and personal growth that accompanies it.

Kind Regards,

Nicholas Kai
