Notes

Tyler has always been in love with the film industry for as long as he can remember. Obsessed with understanding what makes a film leave a long-lasting impact on its audience. Always admiring all the talent required to make the ideation into reality, from set design and musical scores to the Actors in the limelight.

Having only recently discovered Acting himself his love for the craft has skyrocketed since attending classes at the Acting Performance Studio under the guidance of Jasper Bagg, Emma Haughey and Rarmian Newton. Since then, he has found himself busy in a mixture of work including Commercials, Music Videos and Short Films as well as trying his hand at being a Production Assistant just to be on set as much as he can.

Tyler has a diverse history of life experience and careers from retail management, carpentry and advertisement to name a few. He enjoys challenging himself and constantly learning new skills to improve his craft. Tyler is musical and loves singing and playing his instruments. You'll find him in his spare time with his beloved kelpie Ari and mates exploring all things life has to offer.
