Short Paragraph: Professional 12 Month Vision:

My professional 12 Month Vision includes finding representation to assist me in immersing myself into the industry. I will be further developing my skills through my classes at Screen Actors Australia, as well as refining my Mid-Atlantic English Accent, with the coaching of Timothy Craig, to expand my casting opportunities. Throughout the year, I will be working towards receiving an acting role, as well (unless changed) continuing to work towards auditioning for Nida's, 2024 Undergraduate course in Bachelor of Fine Arts, Acting.
