

My Experience and Passions span across multiple Art Forms.

An Actress in Short and Feature Films, Theatre, TV Series, TV Commercials, Music Videos, I'm also passionate about playing Bass Guitar and Keyboards, Painting, Foreign Languages (Italian / French / German), Modelling, Plant-Based Cooking, Beginner Ballet, Fitness, and Holistic Health.

With a Bachelor of Arts/Communications from Bond University, I worked in the Fashion, Cosmetic and Airline Industries before returning focus to my true love of Acting, regularly up-skilling with Masterclasses and Training.

Recent discoveries as a Production Designer have enhanced my experience of Film Production and am currently collaborating on a Short Film concept for a Feature.

Ultimately, I love to help people to smile and feel connected, whether this is via my work as an Actress or other Artforms, or in my work as a Volunteer "Flower Lady" at Sydney's Mater Hospital.

My Dream would be to play an Italian or French-speaking character!
