Jasmine Barui is the kind of girl who takes over any room she walks into with her charisma, kindness and warmth. She brings with her an effervescent energy that leaves people feeling inspired and special.

Passionate about acting and creating, she has trained with a wide variety of teachers to gain a thorough breadth of understanding and keep her acting muscles warm. As an actress, she carries with her an air of wisdom and sophistication beyond her year as well as a razor-sharp wit making her perfect in both comedy and drama. She is the fierce and determined lead who can soften in an instant. Jazzy brings playful, sarcastic energy to every role. She stole scenes as a driven, ambitious intern in a workplace comedy, and as the romantic lead she brings a sultry quality that's impossible to resist.

As a writer/producer/creator, Jasmine has been involved in the creation of a number of short film productions and has been working with a production company in 2022 to produce 12 short films in 12 months to represent the 12 faces of humanity. She was a published author at the age of 9 and has continued to write both novels and screenplays. Having a number of projects on her slate at the moment, Jasmine is intent on creating content that is meaningful and truly representative of the diverse world we live in.

To compliment these skills, Jasmine is also a trained singer and also engages in sports such as Krav Maga. However, she is almost more comfortable in the snow than on her own two feet and is a black-diamond level skier. Besides acting Jasmine's passions lie in academia and languages; she currently studies French and Mandarin and Law at University after receiving a perfect score on her year 12 examinations.
