

Hey Casting Directors!

Here's a little bit about what I've been up to recently.

 WWW.TEAGANSKYE.COM

Earlier this year (January) I worked with **Lachlan and Austin Macfarlane (The Macfarlane Bros)** www.instagram.com/macfarlanebros on their upcoming production '**The Worst That Could Happen,**' funded by **Screen Australia** and **YouTube Australia** as a part of their 'Skip Ahead' program www.screenaustralia.gov.au/sa/media-centre/news/2024/07-17-skip-ahead-announcement, set to be **released** later this year **on The Bros' YouTube Channel** www.youtube.com/@macfarlanebros. I was honoured to **play one of the lead roles** in the series, **Anna**, alongside the Bros who play themselves, and **Broden Kelly (Aunty Donna)** <https://www.youtube.com/@TheAuntyDonnaChannel>, whose character name I should probably not mention yet. The project was **produced by** the incredible **Rita Artman (Art Spear Entertainment)** www.youtube.com/artsparentertainment, whose the most wonderful and passionate person, and '**Haven't You Done Well Productions**' (**Aunty Donna's Production Company**) <https://www.haventyoudonewell.com>.

In March, I was lucky enough to land another amazing role in a production called '**Melodies of The Abyss.**' A short Kurt Cobain biopic that was **shot** in Ballarat **by Emmy Nominated** (and incredibly kind) **Cinematographer, Mark Kenfield** <https://www.imdb.com/name/nm4503381/>. It was written and directed by **Sam Iwata aka Liu** <https://www.imdb.com/name/nm13438526/>, who very unapologetically told me that after he saw my audition tape, he re-wrote the role specifically for me. It was **produced by Lucinda Bruce (Lady of the Light Productions)** <https://www.imdb.com/name/nm5860870/>, and I got to work alongside some seriously talented actors; **Andrew Steel** <https://www.imdb.com/name/nm3348224/>, who played Kurt Cobain, **Kym Jackson** <https://www.imdb.com/name/nm1249826/> who played Lucy MorningStar (a representation of Courtney Love), and **Finnian James** <https://www.imdb.com/name/nm12729030/> who played Young Kurt Cobain. I **had the privilege of playing Daisy Morgan** (a representation of Kurt's first girlfriend, Tracy Marander), and the project is set to be **released** later this year **in American Film Festivals**.

Thank you so much for taking the time to read this. It's just a few of the amazing opportunities I've been lucky enough to be a part of, and I really hope we get to work together someday soon!

Nothing but the best to both you and your entire team!

Kind regards,
