Cooper Alexis is a well-mannered individual with a perpetual smile and over 100 professional and convincing live stage performances, both locally and internationally. He is a versatile actor, which was evidenced when he was cast as a Super Swing in School of Rock the Musical in South Korea, consistently covering 4 of the 6 male children's roles (all with lines). He particularly loves to identify with a character and learn their backstory. He was thrilled to play the role of Freddy (the drummer) in the show when it came to his hometown of Sydney. Cooper is driven, committed, has a phenomenal work ethic and is excited for new challenges and opportunities to learn and grow on the stage and screen.
