PROFILE

Caleb is a self-driven, disciplined and energetic performer in dance, drama, singing and guitar. His fascination with all aspects of musical theatre began at the age of 2 after he watched a recording of Phantom of the Opera. He began training with May Downs School of Dance aged 3 and loves everything to do with music. His other passion is nature and his eco initiatives have been recognised as the youngest recipient of a City of Yarra Sustainability Award. He combined his two passions composing a song on guitar called Possible as part of Climate Fridays Songwriting Competition in 2020.
