

With a solid foundation in screen acting (NIDA Open) and mature commercial modelling, Andrea brings a wealth of on-camera experience to every project she joins. Her work spans lead and background roles across film, television, and advertising, where she has developed a reputation for professionalism, emotional nuance, and an instinctive understanding of character. She is often cast as Mother or Grandmother, Office Professional or Therapist, but her versatility also lends itself to her roles as Vampire and Grunge punk.

Andrea expanded her creative toolkit by graduating from a comprehensive voice-over program at The Voice Actor College. This training deepened her skills in vocal performance, microphone technique, character creation, and script interpretation, allowing her to transition seamlessly between commercial reads, narration, e-learning, and character-driven voice acting. Her natural versatility enables her to deliver warm, grounded adult voices as well as expressive senior characters, always with clarity, authenticity, and emotional truth.

Originally coming from Germany to Melbourne, Australia over 20 years ago and now proudly Australian, Andrea is bilingual in English and High German. She speaks fluent English with a soft German lilt which makes her unique, and she can switch to native High German without any regional accent. This linguistic flexibility gives her a unique edge in both international acting and voice-over work.

Beyond her creative pursuits, Andrea is married and a devoted mom to an autistic teen—an experience that has shaped her empathy, resilience, and ability to connect deeply with diverse audiences and characters.

Her personal motto, Deserving 2 Sparkle, reflects her belief that it is never too late to follow your dreams, reinvent yourself, and shine - at any age. ✨👉
