

## MEGAN - AUDITION SCENE

INT. BIG FURNITURE LOADING DOCK - LATER

**START**

Ashley and Megan wander along one of the enormous aisles of the loading bay, looking for the UMLAÛ. Colin trundles along on a leash.

ASHLEY  
(clutching her hand-written  
ticket)  
Section 4, section 4... is that a 4 or  
a 9?

MEGAN  
4.

ASHLEY  
(getting tense)  
But what's the bin number? Where is  
the bin? A bin is a section, isn't it?

MEGAN  
Poops, stop. What are you doing?

Ashley stops.

MEGAN (CONT'D)  
Why are you buying furniture for a guy  
who's pressuring you to get out by  
sundown?

ASHLEY  
Muggan I pissed in his drawers. I have  
to replace them.

MEGAN  
OK. Fair. But... Why are you getting  
so tangled up with this guy?

Ashley resumes searching.

ASHLEY  
No, it's the *dog*. We hit a dog.

MEGAN  
No: *he* hit the dog.

ASHLEY  
Yeah but-

MEGAN  
Ash listen to me.

Ash stops again.

MEGAN (CONT'D)

You're not over James, you're on Austudy and you're being evicted. The dog's cute, but you can't have a dog right now -- 6th year prac is *mental*! You gotta focus on you babe. Call him. Tell him thanks for the weird memories but you're out - TA.

Ashley is weakening.

ASHLEY

But I feel responsible...

MEGAN

You are responsible. To yourself first and foremost. You call him now, rip it like a band-aid. And without this dog, you come stay on gran's couch til you find a place.

ASHLEY

... Can I just bring the dog?

MEGAN

Poops. Just. Call him. His name's *Glenn* for fuck's sake.

Resolved, Ashley picks up her phone. Dials Glenn's number on speaker. It rings.
